Contract Opportunity Title: Non Wood Street Light Inspection Program

Estimated Contract Value \$940,000  
(Range): \_\_\_\_\_

Work Location: PG&E – Service Territory

Deadline: 2/15/18 by 5:00pm (PST)

**Contract Opportunity Description:**

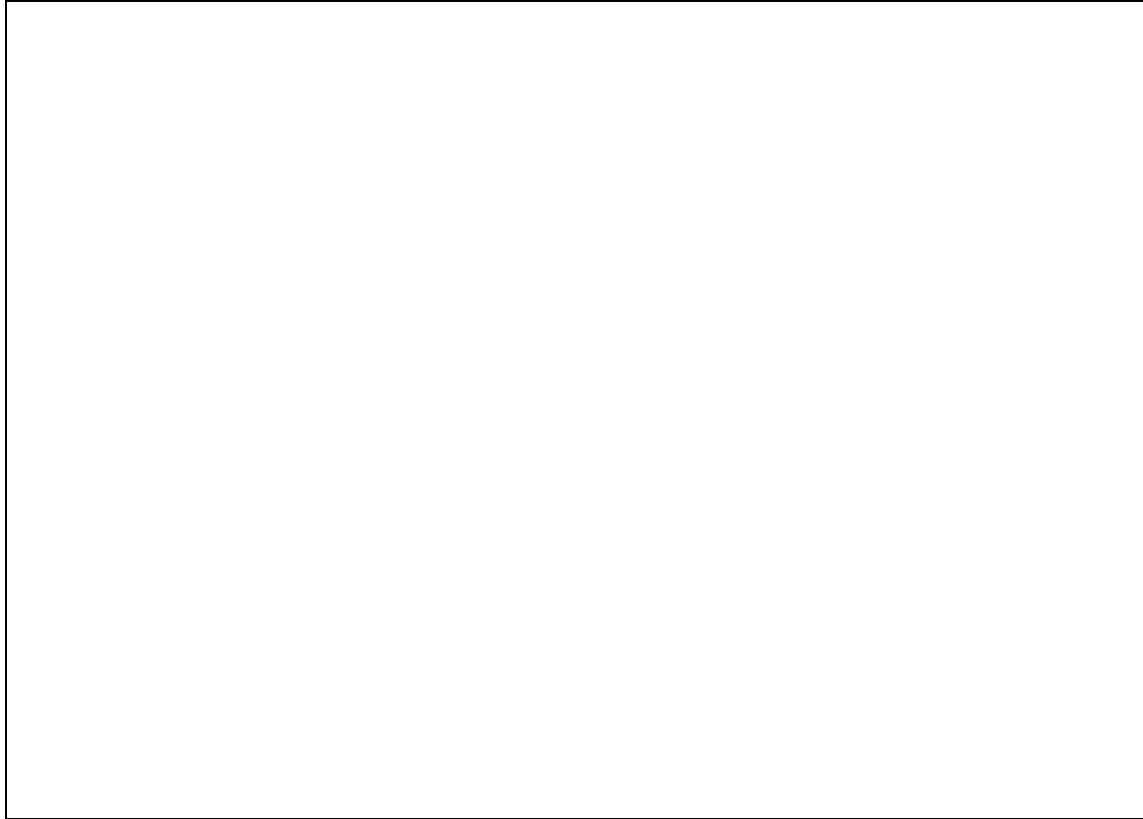

Pacific Gas and Electric Company (PG&E) will be issuing a Request for Proposal (RFP) to inspect and evaluate the potential replacement of approximately 12,000 non-wood streetlight poles owned and maintained by PG&E.

PG&E previously ran a pilot project in Walnut Creek, and based on the findings of that pilot, plans to expand this inspection program to a wider sector of our system. The inspection program will focus on non-wood street lights installed before 1975 when galvanizing materials became the standard specification.

**Vendors interested in participating in the RFP to provide inspection, evaluation, and/or replacement services must meet the following minimum qualifications:**

1. US based service location
2. NACE Certified
3. NDE Capabilities
4. ESRI Data Capabilities – Results on maps
5. Available to execute, complete, and report inspection and evaluation services within 3 months of contract execution.
6. Capable of providing turnkey services including management and procurement of all permits and traffic control services
7. Capable of taking and uploading photos for visual results
8. Capable of using PG&E's evaluation criteria to evaluate and report on streetlights
9. Capable of providing minor maintenance, to include but not limited to, affixing missing or deteriorated badge numbers, installing missing or damaged hand hold covers, etc.
10. IBEW signatory
11. QEW certified
12. Good Standing in ISNetworld
13. Ability to comply with OSHA Injury and Illness Recordkeeping and Reporting Requirements
14. Ability to work anywhere in PG&E's service territory
15. Minimum 5 Years' Experience Inspecting and/or replacing non-wood streetlight
16. Provide Sample Deliverables (Reports, Data, etc.) produced within the last 2 years
17. Demonstrate a proven track record of successfully managing large projects similar in scope (this will require release of client names and project scopes)

**Important Note: Vendor(s) considered or selected for inspection and evaluation services may or may not be considered or selected for replacement services.**

Suppliers interested in pre-qualifying for this work should contact the PG&E Representative listed below by 02/15/2018.
